DURING THE PROJECT?

HOW WILL WE  
CELEBRATE?

**DID WE REACH OUR MAIN GOALS? (ELABORATE!)**

We organized the Festival successfully; we learned a lot about how to work together and how to organize an event. We will decide to organize the Festival every year.

**WHAT ARE WE PROUD OF?**

The bar was greatly organised, and the food was fantastic; the team did a great job; The Neon Party after midnight was a great idea

**WHAT COULD WE IMPROVE?**

"Cleanness"; time management (don't be late all the time); finding a better venue; higher budget; more people

**HOW WOULD WE DO DIFFERENTLY?**

Clean the toilets and empty the trash bins more often; send a kind invitation letter to the neighbours or find a hidden venue; convince more companies to donate; start looking for volunteers earlier; begin looking for programs and performances earlier; meet more often.

**WHAT WE LEARNED DURING THE PROJECT?**

How to organize an event, how to create a marketing campaign and a brand, how to convince decision-makers to support us, how to engage people for the same goal, the power of teamwork, conflict management; time management; trust in ourselves and others

**HOW WILL WE CELEBRATE?**

We will organize a small party in the Youth Centre for all volunteers and organizers with pizza and a small gift for everyone. :)
